

Payapress industrial company is a grand manufacturer of Busbar Processing Machines in the worldwide. Widespread domestic and foreign usage of our products by hundreds of leading electrical panel manufacturers confirms our claim. Since designing the products took years to accomplish, we guarantee the high quality of our products.

Professional Busbar Processing Machines are designed in order to facilitate bending, punching and cutting busbars.

Each type of Busbar Machine provides users with a range of functions. The most limited type which is provided with one power pack allows users to use cutting, bending and punching busbars one by one. In organizations where there is a huge pile of works should be done, therefore all three parts of busbar machine should be favorably used simultaneously, Busbar machine with three power packs should be recommended.

Some options can be offered to moderate function of busbar machine; Such as Programmable Length Stopper which is replaced by Handy Length Stopper in punching and cutting and cause high accuracy in positioning, Rollers provide better Busbar movement as well.

Busbar Bending Machine equipped with high accuracy digital angle indicator which allows high performance bending and also in puncher, laser pointer helps finding center of holes easily. Movable stripper plates on busbar Punching Machine as an advantage prevents fraction on busbars.

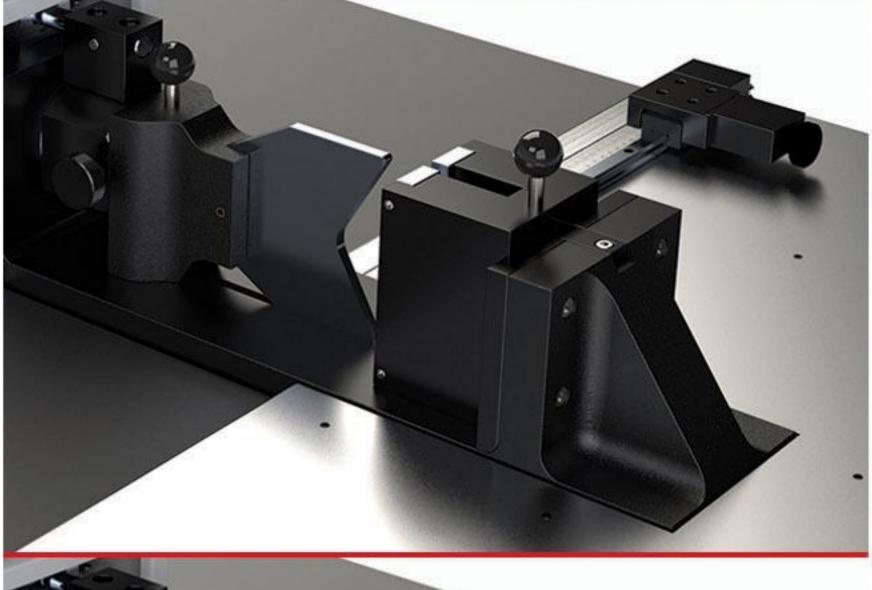

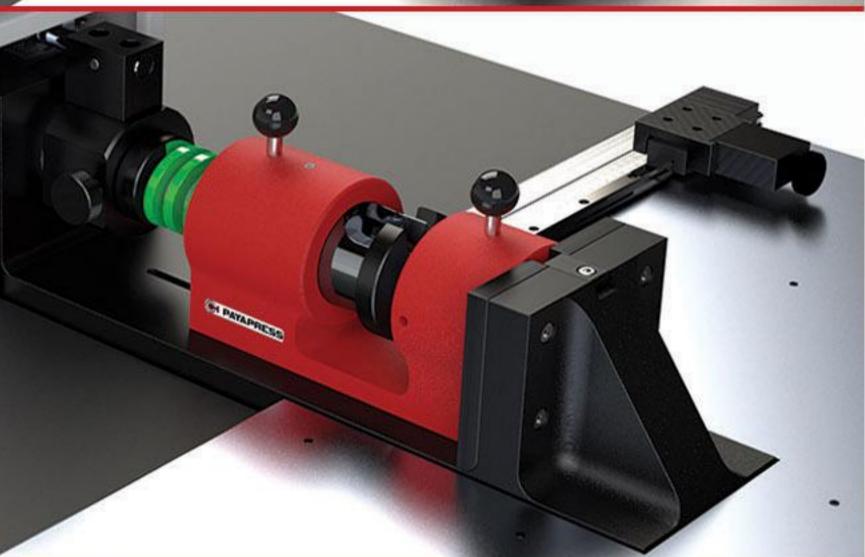

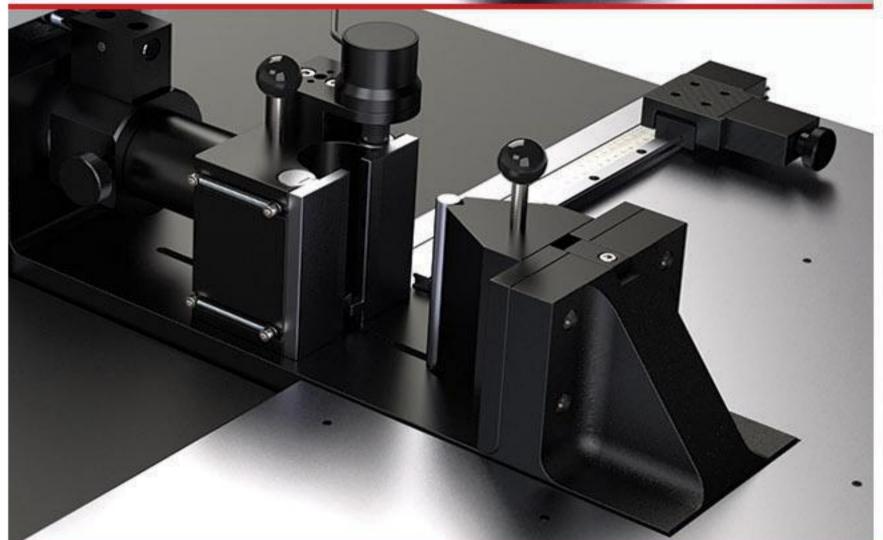

HBC-PC120

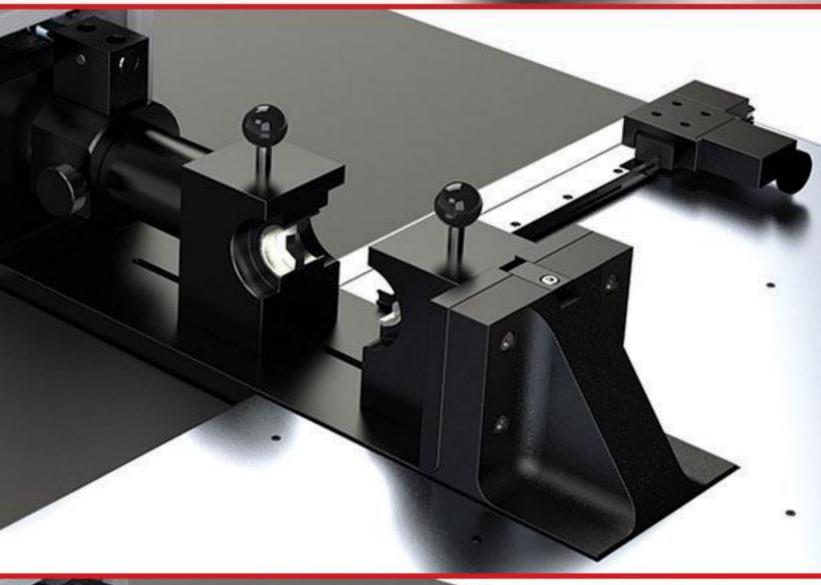

Workshop Busbar Processing Machine

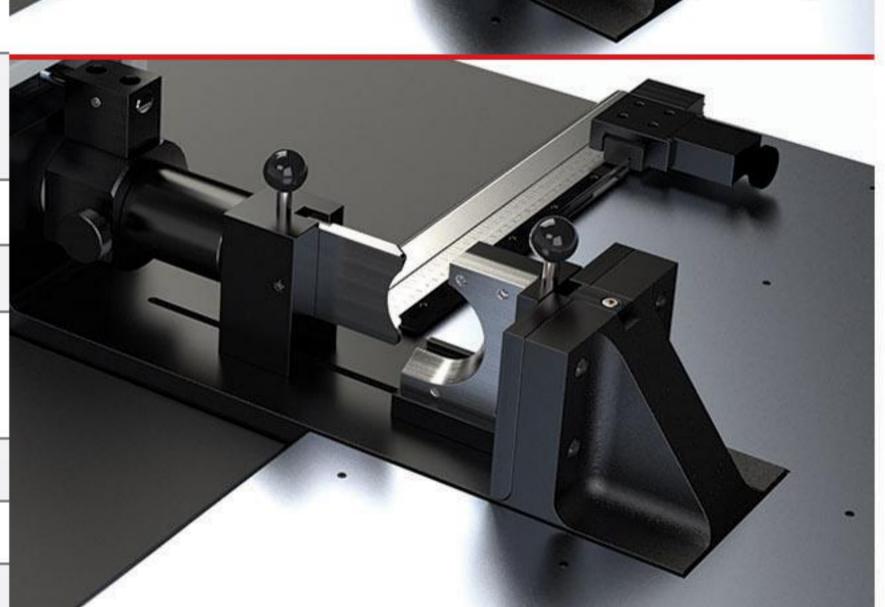

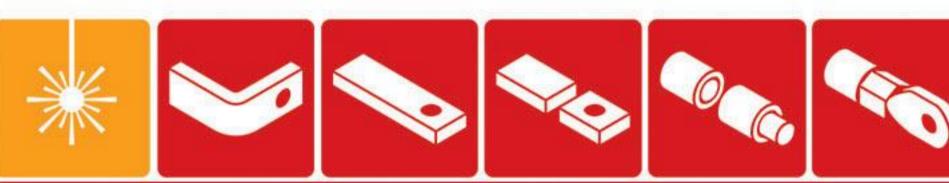

Crimping/Cutting Cable (Optional) Bender Capacity Up to 120 x 12 mm Cutting Capacity Up to 120 x 12 mm Circle Dies: M6, M8, M10, M12, M14, M16, M18 Crimping/Cutting Size: up to 300 mm² Crimping Cable Capacity Up to 300 mm² Cutting Cable Up to 240 Bender Controller High Accuracy Encoder Hydraulic System One Power Pack, Double Acting System Puncher Laser Finder Operating Pressure Power Rating 1 x 1.5 Kw Voltage Oil Hydraulic Oil H68 - 20 liters	Model	HBC-PC120
Cutting Capacity Punching Capacity Circle Dies: M6, M8, M10, M12, M14, M16, M18 Crimping/Cutting Size: up to 300 mm² Cutting Cable Capacity Up to 300 mm² Cutting Cable Bender Controller Electronic Controller High Accuracy Encoder One Power Pack, Double Acting System Puncher Laser Finder Operating Pressure 150 Bar Power Rating 1 x 1.5 Kw Voltage 220 Volt - 1/50 Hz Hydraulic Oil H68 - 20 liters	Function	
Circle Dies: M6, M8, M10, M12, M14, M16, M18 Crimping Cable Capacity Up to 300 mm² Up to 240 Bender Controller High Accuracy Encoder One Power Pack, Double Acting System Puncher Laser Finder Operating Pressure 150 Bar Power Rating Voltage 220 Volt - 1/50 Hz Hydraulic Oil H68 - 20 liters	Bender Capacity	Up to 120 x 12 mm
Crimping/Cutting Size: up to 300 mm² Cutting Cable Capacity Up to 300 mm² Cutting Cable Up to 240 Bender Controller Electronic Controller High Accuracy Encoder Hydraulic System One Power Pack, Double Acting System Puncher Laser Finder Laser Pointer Operating Pressure 150 Bar Power Rating 1 x 1.5 Kw Voltage 220 Volt - 1/50 Hz Dil Hydraulic Oil H68 - 20 liters	Cutting Capacity	Up to 120 x 12 mm
Cutting Cable Bender Controller Electronic Controller High Accuracy Encoder One Power Pack, Double Acting System Laser Pointer Operating Pressure Power Rating 1 x 1.5 Kw Voltage Oil Hydraulic Oil H68 - 20 liters	Punching Capacity	
Bender Controller Electronic Controller High Accuracy Encoder One Power Pack, Double Acting System Puncher Laser Finder Derating Pressure 150 Bar 1 x 1.5 Kw Voltage 220 Volt - 1/50 Hz Hydraulic Oil H68 - 20 liters	Crimping Cable Capacity	Up to 300 mm²
High Accuracy Encoder One Power Pack, Double Acting System Laser Pointer Operating Pressure 150 Bar Power Rating 1 x 1.5 Kw Voltage 220 Volt - 1/50 Hz Hydraulic Oil H68 - 20 liters	Cutting Cable	Up to 240
Puncher Laser Finder Operating Pressure 150 Bar Power Rating 1 x 1.5 Kw Voltage 220 Volt - 1/50 Hz Hydraulic Oil H68 - 20 liters	Bender Controller	PRINCECT AND DATE ASSUME ASSUME
Operating Pressure 150 Bar 1 x 1.5 Kw Voltage 220 Volt - 1/50 Hz Hydraulic Oil H68 - 20 liters	Hydraulic System	One Power Pack, Double Acting System
Power Rating 1 x 1.5 Kw Voltage 220 Volt - 1/50 Hz Oil Hydraulic Oil H68 - 20 liters	Puncher Laser Finder	Laser Pointer
Voltage220 Volt - 1/50 HzOilHydraulic Oil H68 - 20 liters	Operating Pressure	150 Bar
Oil Hydraulic Oil H68 - 20 liters	Power Rating	1 x 1.5 Kw
	Voltage	220 Volt - 1/50 Hz
	Oil	Hydraulic Oil H68 - 20 liters
Main Desk Dimension 100 x 120 x 101 (H) cm	Main Desk Dimension	100 x 120 x 101 (H) cm
